City of Fayetteville
1400 N Fox Hunter Rd
Fayetteville, AR 72701

Dear City of Fayetteville,

Congratulations! It gives me great pleasure to send you the enclosed Certificate of Achievement, which confirms that your yard or garden is an official National Wildlife Federation® (NWF) Certified Wildlife Habitat™ site. You now join a prestigious group of NWF members across the country who have been recognized for protecting and nurturing wildlife in their own yards, schools/educational settings and community spaces.

As one of the benefits of certifying your wildlife habitat site, you will begin receiving a free subscription to our quarterly e-newsletter, *Wildlife Online- Habitats Edition*, if you provided your email address. Each issue is filled with great tips and projects to help maintain your habitat as well as program news and more. You will also receive a free one-year membership to NWF with full membership benefits. This includes a year's subscription to our award-winning magazine, *National Wildlife*® and 10% off all NWF catalog merchandise.

You are now eligible to post a Certified Wildlife Habitat sign on your property. Our weatherproof signs are a great way to show your friends and neighbors your commitment to wildlife in your community. A sign order form is enclosed for your convenience if you haven't already purchased one or would like to purchase more.

Your newly certified habitat is something to be proud of – why not share the news with your community and encourage others to certify also? Enclosed you'll find an official NWF press release, all set to send to your local media to share your accomplishment. After you determine which local newspaper or media outlet you'd like to send it to, simply fill in your name and habitat information, then mail to them!

Please accept my congratulations again for successfully making a home for wildlife. We hope you enjoy your newly certified habitat for many years to come.

Sincerely,

David Mizejewski

Inspiring
Americans
to protect
wildlife for
our children's
future.

NATIONAL
WILDLIFE
FEDERATION®

CERTIFIED
WILDLIFE
Habitat™

This habitat is certified
in the National Wildlife Federation's
worldwide network of mini-refuges.

Because of the owner's
conscientious planning, landscaping
and sustainable gardening,
wildlife may find quality habitat—
food, water, cover, and places
to raise their young.

**This certificate recognizes the establishment and
maintenance of an official wildlife habitat.**
